

# Our focus on the Research Cycle

By the end of our Going Bush Unit we will:

- Understand that there is a process we can follow when we research
- Know how to write good research questions and key words
- Be able to find information using a variety of sources:
  - Books, Google, Sweet Search, Encyclopaedia Britannica
- Be able to make good notes from each of these sources to help answer our questions
- Create new knowledge about being prepared and safe in the bush that will be useful on Y8 camp
